

We supply the **freedom** to live.

Our business is set on people coming to us looking for expert guidance, support, compassion and of course product solutions...We want to extend and create a seamless partnership with professional healthcare organizations and the patients on a referral program that is seamless, right from the start of your care.

**Ask Us How!**

## Why Are Guided Medical Referrals So Important For The Patient?

The importance of a referral from a healthcare professional is the next step in care delivery. The patient may need advice and a referral from your healthcare professional from the beginning to **Cooper Medical Supplies** will simplify the process.

1. **Transparency** - We are medical supply product professionals, we will understand what is being referred by the healthcare professional, no second guessing.
2. **Cost Accuracy** - Many times when a patient has to "guess" what they require, a wrong product might be purchased and money may be wasted.
3. **Patient Confusion** - This can be a stressful time, and clarity via a referral creates less stress for the patient and saves a lot of 'healthy time.'
4. **Care Outcome** - We strive to have the patient receive continuous care and healthy outcomes.
5. **Healthcare** - The referring provider will know that the patient needs have been met and exceeded. Follow-ups are done accordingly to all parties.

# Cooper Medical Supplies Favorite Family Recipes

We like to have a little fun and we do like to share. We will have a monthly **staff member's favorite recipe!**

**You can share your favorite recipe...**

So bring your recipes next time you are in the store, or drop us an email at [wecare@coopermedical.ca](mailto:wecare@coopermedical.ca)

## Check out one of Carol's favorites...

### Produce

- 1 Banana, large
- 2 Rings fresh pineapple
- 8 Strawberries, fresh

### Baking & Spices

- 1 16 oz. roll refrigerated sugar cookie dough
- 2 oz Bittersweet chocolate
- 1/3 cup Sugar
- 1/2 tsp Vanilla

### Nuts & Seeds

- 1 tbsp Nuts

### Dairy

- 8 oz Cream cheese
- 2 tbsp Heavy cream

My love of food comes from my childhood. My mother was an exceptional cook, growing and preserving her own produce when she could. Growing up in the Okanagan always meant lots of canned cherries, apricots, peaches, and pears. Even when money was scarce, we always ate well.

Five Roses cookbook was my first introduction to recipes and still holds a few favourites. However, Pinterest is my go to these days. With fresh strawberries and raspberries just around the corner...give this a try.

### Instructions:

1. Preheat oven to 350 degrees.
2. Press cookie dough evenly into greased 12-14 inch pizza pan.
3. Bake 12-14 minutes or until crust is light golden brown. Cool completely.
4. In a small mixing bowl, combine cream cheese, sugar, and vanilla and mix until smooth.
5. Spread cream cheese mixture evenly over crust.
6. Top with sliced bananas, sliced strawberries, and sliced pineapple.
7. Sprinkle with crushed nuts.
8. For chocolate ganache:
9. Bring cream just to a boil. Add chocolate and stir until completely melted.
10. Drizzle over pizza.
11. Serve immediately or soon after making.

## Product Highlights

### Having Knee or Hip Surgery?

You can rent or purchase a cold therapy system...It's easy, customizable & convenient!

### Cold Therapy Works!

The Polar Care Cold Therapy System is the most convenient and versatile offering in Breg's Polar Care line.

Its easy to use, compact design makes it great for clinic, hospital, and home use.

With the addition of a little ice and water, you will enjoy 6-8 hours of effortless cold therapy. You can enjoy the benefits of cold therapy from anywhere: on the sidelines or in the backyard.

## Fall Protection

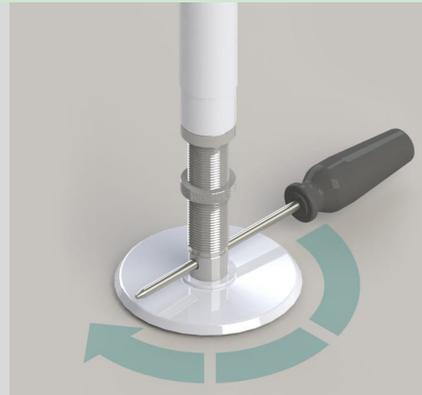

**Are you safe from falls?** Email us at [wecare@coopermedical.ca](mailto:wecare@coopermedical.ca) and/or **visit** our store; we will assist you with a solution to be safe from falls.

### **We didn't raise the bar – we created it...**

The SuperPole with SuperBar is a full support solution for the bedroom, washroom or anywhere else in the home! A single SuperPole with SuperBar can fulfill the same safety requirements as multiple wall-mounted grab bars.

### **If you have a floor and a ceiling, we have support for you...**

Simply turn the jackscrew at the bottom of the pole to create enough pressure between the floor and ceiling for solid support. [Check out this video for easy installation.](#)

## Community

### Feature

### **Serving The Central Okanagan Community For Over 65 Years.**

The Pathways Abilities Society was organized in 1953 by a group of parents, teachers, doctors and concerned citizens to ensure the

education of children with mental handicaps. We were known as the Sunnyvale Centre at that time.

Many of the people served by Pathways are eager to gain permanent full and or part-time employment and contribute to their community as paid employees, ambitious to do a great job and help the businesses and organizations with whom they work to achieve success. Pathways has developed a program called Partners In Employment, designed to encourage local businesses and organizations to support our efforts and create employment opportunities for those with diverse abilities.

An important team member to **Cooper Medical Supplies** is **Betty Polehoyk**. Betty joined the Cooper Medical team in 2014 and as owner Paul Meise states "Thursdays are an absolute delight, simply because Betty's spark around the store is uplifting to our team." Betty is such a joy to have in the office and is very self sufficient with her job at Cooper Medical. "Her duties are quite vast and are always completed with minimal supervision, she is very reliable...an important person to the team" says Carol Meise. Betty is a proud employee of Cooper Medical Supplies; she enjoys healthy food and an odd treat of chocolate are her favorite. Betty's favorite movies are any older ones mainly in black and white film. She travels to and from work via public transit, on-time as usual. Betty is also attending Okanagan College, this term she is taking Math along with Health & Safety. The Cooper Team is proud that Betty is part of our team for the past 7 years and with more to come!

The Society believes that all individuals have the capacity for positive change and growth. Wherever possible, it seeks to provide individualized services and safe and positive services which foster individual growth, development, and positive self-esteem.
