It's always in reach.

Getting into and out of bed, rolling over or moving around in bed can often require a helping hand. The Assista-Rail provides secure in-bed support and it installs in minutes – no tools required!

Need a lift?

In some situations, handles and poles may not be enough safety, Bellavita auto bath lift is the lightest bath lift on the market at only 20.5 lbs. The Bellavita lowers to 2.3" with a seat height that reaches 18.8" for deeper tubs. Completely tool-free set up makes it easy-to-install and operate.

Get more from your mobility Aid! A commode that is 5-n-1!

This **5 in 1 device** gives independence back to those with mobility issues. An individual no longer needs to have multiple devices in their home to help with their day-to-day routines.

Amazing superpole!

The SuperPole with SuperBar is a full support solution for the bedroom, washroom or anywhere else in the home! A single SuperPole with SuperBar can fulfill the same safety requirements as multiple wall-mounted grab bars.

Ergonomically-designed!

Attractive tub rail provides comfortable safe grip! The handle is perpendicular to the tub, 16.5" in height with a tool free easy install.
Width adjustments to suit all tubs.

Guess What...!

We have some very exciting news coming in December...**OUR NEW... 'GIFTS OF HEALTH'...**arriving soon! We have some awesome gifts for yourself and/or friends and family...
What is great about these gifts...they are unique & health conscious!
