

2022 - A New Year!

Travelling? Compression Stockings... A difference you will feel...

How does it work?

The lack of physical exercise during a journey exerts constant high pressure on the venous system. The venous valves no longer close perfectly and the blood circulation slows down.

The legs become heavy and tired – in the worst case, traveler's thrombosis may develop. **Medi travel socks have been specially developed to keep the veins in shape during long periods of sitting or standing.**

They support the natural blood circulation, so the blood flows back to the heart against gravity instead of pooling in the legs.

Need to heal cracked skin before you travel?

Atrac-Tain® Cream is a moisturizing cream that contains urea and alpha hydroxy acid (AHA).

- 10% urea and 4% AHA
- Exfoliates and softens severely dry, cracked, calloused skin. Ideal for healing elbows, knees and lower leg areas.
- Fragrance, dye and preservative-free
- Clinically proven to help prevent skin dryness that can lead to an increased risk of foot ulcers
- CHG compatible
- Sample available upon request...

Small Size Ergonomic Pillow For The Nights You Are Away.

Multi position

The use of a pillow in a confined environment is facilitated by a design made to accommodate different sleep positions.

Cervical contour

Additional cushioning that conforms to the neck is necessary to ease stress and maintain a comfortable posture.

Soft texture

Comfort can be attained with a gentle fill of the arch that doesn't increase pressure where support is missing.

Convenient size

A design providing mobility and adaptability is essential when using a pillow on the go or in a confined environment.

N95 Travel Masks

Not only safe for use while traveling on airplanes, but great fit for everyday use.

- Thickened 5 layer design, the filter efficiency is higher than 95%
- Available in ear-loop and over the head elastic loop styles
- Adjustable shape to better fit the face (3D-Fit)
- Available in boxes of 10 masks
- Made from non-woven propylene fabric
- Skin friendly, hypoallergenic
- Use for Medical Facilities, Long term Care Facilities and Personal Protection
- Latex and fiberglass free

Airgo Comfort-Plus Folding Cane For Travel

- Open when you need it, folded when you don't
- The perfect companion for everyday living, and travel
- Comfort-Plus ergonomic handle conforms to your hand and helps reduce impact shock transfer
- Constructed from lightweight anodized aluminum
- Wrist strap with reflective patch for added night time safety
- The Flex-grip tip is engineered to provide fluid surface contact throughout the walking motion
- Tread design provides superior grip and also helps to absorb impact shock
- Secure strap included to keep the cane folded when not in use

Travel Sized Hand Sanitizer 115 ml

Isagel® is a no-rinse, instant hand sanitizing gel.

- Added moisturizers
- CHG and latex glove compatible

Hiking when you travel?

Outdoor soft case first aid kit. Includes items like gauzes, bandages, compress, safety pins, hand cleansers and alcohol pads plus much more.

Compact and easily storable in your luggage when travelling.

Do you believe in New Year's Resolutions?

The keys to succeeding at a resolution or a goal are to:

(According to LivingBetter50)

1. Have a (good, realistic) plan
2. Ensure that you have the resources required to implement the plan
3. Take consistent action on the plan
4. Course correct during the implementation process
5. Reward yourself for progress along the way

What are some of your New Year's resolutions for 2022?
